

## Work Experience

Well what a year it's been! We have managed to find several more work placements to add to the quite extensive list we already have. We have listened to the students and matched them to a placement of their interest. The majority of students have thoroughly enjoyed their work experience and didn't want it to end! They learnt so many skills that will prove invaluable in life. Employers have commented on the behaviour of our students and said what great ambassadors they are for our school.

### Riding for the Disabled

Dawson & Katie wash Ziggy's feathers!

### Hippings Vale Luncheon Club
