Work Experience Case Study - Beauty Rooms

Amy Yr 11

## Beauty Rooms

Beauty Rooms Salon

Cambridge Street

Accrington

Amy completed her work experience at Beauty Rooms Beauty Salon in Accrington. She observed and assisted the therapist; painting nails, applying make-up and styling hair. Amy was also responsible for helping to keep the salon clean and tidy. She also helped out in their café downstairs. Amy loved the salon environment. She developed her communication and customer service skills and learnt how to behave appropriately in a salon environment. This experience has helped Amy to develop her employability and work related skills. Well done Amy.
